

Kekulé Postdoc Workshop: Women in Science 2018

Chemische Institute Eendenich, Hörsaal 2

Monday, May 14th 2018

09:15 – 09:30	S. Höger, D. Menche: Chemistry in Bonn
09:30 – 10:00	S. Kath-Schorr, Universität Bonn: Starting an academic career
10:00 – 10:15	Coffee break
	Chair: Dr. Stefan Jester
10:30 – 11:20	Leoni Palmer, University of Manchester: My synthesis journey: methodology, materials and molecular robotics
11:20 – 12:10	Raysa Khan, University of Sussex: Late-stage C-H and N-H Functionalisation of Benzodiazepines and other Privileged Scaffolds
	Chair: Dr. Marianne Engeser
14:10 – 15:00	Ruth Dorel, University of Groningen: Gold catalysis for the synthesis of polycyclic aromatic hydrocarbons and natural products and recent advances towards new molecular motors
15:00 – 15:50	Marika Żyła-Karwowska, University of Wrocław: Synthesis of N-Doped Nanographene Analogues via Oxidative Transformations of Oligopyrroles
15:50 – 16:40	Katrin Wunderlich, MPI for Polymer Research Mainz: Functional Polydopamine Hybrid Films And Anisotropic Nanoparticles
16:40 – 17:00	Closing remarks
